>From the ARRL DXCC Desk: When sending cards to confirm 1x1 call signs, the ARRL QSL Service requests you note somewhere on the card the person who requisitioned the call sign. This will expedite routing to the proper station and may result in quicker processing of cards handled through the ARRL US Incoming Bureaus. To locate the person responsible for a 1x1 call sign, please visit the NCVEC's 1x1 Special Event Call Sign Web page <http://www.ncvec.org/1x1.php> and enter the 1x1 call sign. When the screen appears, select the 1x1 call sign based on the
event you worked. Click "Details" on the right-hand side of the page to determine the person responsible for the operation (see "Requisitioned By"). Remember, call signs may be issued more than once, so following the above procedure will allow the QSL Service to direct it to the proper person. For more information on frequently asked questions concerning the ARRL DXCC program, please see the DXCC FAQ page
